Volume 8, Numbers 1&2
1986

Technology In Society
An International Journal

Contents

Special Issue:
A Department of Science and Technology: In the National Interest?

	1	Introduction
Frederick Seitz	3	Preface
G.A. Keyworth II and Bruce Abell	5	Priority for Science and Technology
Don Fuqua	15	Do We Need a Department of Science and Technology? Another Look at an Old Question
Harvey Brooks	19	An Analysis of Proposals for a Department of Science
Rodney W. Nichols	33	Pluralism in Science and Technology: Arguments for Organizing Federal Support for R&D Around Independent Missions
Lewis M. Branscomb	65	A Federal Department of Science and Technology: The Case For and Against
William D. Carey	77	An Idea Whose Time Has Not Come
Edward E. David, Jr.	83	A Department of Science and Technology: Noah's Ark or Instrument of National Policy?
Rodolfo O. de la Garza and Hans Mark	93	A Department of Science and Technology: Placebo or Panacea?
William T. Golden	107	A Department of Science: An Illusion—PSAC: A Prescription

(*Continued on next page*)

INDEXED IN Current Contents, Sociological Abstracts, Engineering Index Monthly, and Current Literature on Science of Science

(*Continued from previous page*)

Norman Hackerman	111	The Fact and the Fiction of a Department of Science and Technology
Harrison H. Schmitt	115	As the Millennium Turns for Science and Technology
Roland W. Schmitt	129	Improving International Competitiveness: The Federal Role
Elmer B. Staats	137	A Department of Science and Technology: Unnecessary and Unwise
Alvin M. Weinberg	145	A Department of Science, 1985 Version

Volume 8, Number 3
1986

Technology In Society
An International Journal

Contents

David L. Bodde	149	Ethics and Policy Analysis
William H. Smits, Jr.	157	Significance of the Question of High-Technology Transfer to the Soviet Union and Soviet-Bloc States
Carl Mitcham	171	Computers: From Ethos and Ethics to Mythos and Religion

Special Section
Biotechnology Industrial Competitiveness and International Trade Policies

The Editors	203	Introduction
Guest Editor	205	Preface
Joseph G. Perpich	209	Biotechnology Industrial Competitiveness: Federal Research, Financial and Regulatory Policies
Clyde V. Prestowitz, Jr.	219	Japanese Biotechnology Industry Development
Thomas R. Dashiell	223	The Department of Defense and Biotechnology
Jean-Claude Derian	229	Cooperation, Technology Transfers, and International Trade in the Field of Biotechnology
Gabriel Schmergel	233	Technology Transfer: Biotechnology Industry Perspectives

INDEXED IN Current Contents, Sociological Abstracts, Engineering Index Monthly, and Current Literature on Science of Science

ISSN 0160-791X
